

Window Solar Mount

What are fixed solar window screens?

Our fixed solar window screens sport a unique woven mesh that provides shade from the sun's heat and light. Adding window sun screens to your home can block 65-95% percent of harmful UV rays and heat from the sun, depending on the strength of the mesh you choose.

How do you mount a solar screen?

Casement clips(also known as "turn clips") are probably the most common solar screen mounting hardware. They consist of metal clips that come with hex-head,self-tapping screws. The screws are drilled directly into the window frame through a hole in the casement clip,securely holding the solar screen frame in place.

Are leaf springs a good way to mount a solar screen?

Leaf springs are becoming less commonto use as a solar screen mounting method because they require special types of windows - and these windows are becoming less and less common. Leaf springs are thin,curved metal springs that are placed into one side of your solar screen frame during assembly.

Are solar screens good for Windows?

A. Yes. Depending on the strength (65%-95%),solar screens for windows can help to keep your home cooler and protect your home from sun damage which can lead to cracking,discoloration,and other damage to furniture,woodwork,artwork,and more. All of our solar screens offer insect protection,and some are pet-resistant.

Are custom-made solar window screen panels a good choice?

Our custom-made solar window screen panels are versatile. You can remove your sun protection screens during the cooler months and quickly re-install them when the hot months return. Solar Screens are a great way to reduce energy consumption all year long. Custom-made to ensure proper fit.

How do you remove a solar screen from a window?

The screws are drilled directly into the window frame through a hole in the casement clip, securely holding the solar screen frame in place. The clips have tabs on them so you can grab them with two fingers and turn (ie rotate) them, making it easy to remove the solar screen for cleaning.
