

EVLO's battery energy storage system (BESS) solution has been recertified for the UL9540 standard ahead of deployments for US utility Dominion Energy in Virginia. News. UK ROUNDUP: Big project news from Field, Cero, Fidra, Low ...

Owner Vistra Energy has announced the completion of work to expand its Moss Landing Energy Storage Facility in California, the world's largest lithium battery energy storage system (BESS) asset. Power generation and ...

According to Intersect Power, it will receive 15.3 gigawatt-hours (GWh) of Megapacks from Tesla through 2030. The batteries will be used at a number of Intersec's solar and storage project during that timeframe, with ...

The Bulgarian Ministry of Energy is readying to launch a tender on September 2 and provide Capex support for the construction and commissioning of 3 GWh of standalone energy storage facilities.

Tesla has agreed to supply US solar PV and energy storage developer Intersect Power with 15.3GWh of its Megapack battery storage solution. ... will supply the containerised battery energy storage system ...

Saudi Arabia's Red Sea Project is making headlines with the construction of the world's largest photovoltaic-energy storage microgrid. Featuring a 400MW solar PV system coupled with a 1.3GWh ...

In the first half of 2023, Narada Power successfully completed the construction of a 3GWh lithium energy storage battery and integrated systems with a 3GWh capacity. Currently, their existing annual capacity includes ...

On 21 August 2024, the Bulgarian Ministry of Energy opened a tender procedure for National infrastructure for storage of renewable energy (RESTORE) for granting stand-alone battery ...

Owner Vistra Energy has announced the completion of work to expand its Moss Landing Energy Storage Facility in California, the world's largest lithium battery energy storage ...
