What is solar powered in Fallout 4?

Solar Powered is an Endurance perk in Fallout 4. Taking ranks of this perk grants increased Strength and Endurance between the hours of 6:00 a.m. and 6:00 p.m. Higher ranks grant the ability to reduce Radiation and regenerate lost HP. Catch some rays! Gain +2 to Strength and Endurance between the hours of 6:00 a.m. and 6:00 p.m.

Does Fallout 4 have solar panels?

Add two solar panels into fallout 4. Design to be clean quiet renewable energy. This mod does not have any known dependencies other than the base game. No idea why this is a requirement, didn't use any solar panels for this build... Contains the art and original assets on which this mod is based. Will not even load without it.

Do weapons and armor mods require materials in Fallout 4?

Weapon and Armor Mods in Fallout 4 require materials, as does building structures and resource-generating objects in your Settlements. If you're like most of us, you want to spend a lot of time upgrading your gear at crafting stations, because customizing weapons and armor is one of the best parts of the game.

Can you build a factory in Fallout 4?

The reality of the situation is that Fallout 4 is not really suitable for building contraptions due to the settlement size cap, so I'd imagine that people interested in factory building will be doing that in a different game. Originally posted by Mr. Dawn with Keys hat:

What should you buy in Fallout 4?

Look for high tech items to loot in Fallout 4, along with appliances like toasters and alarm clocks. They often contain rare materials. These things should take priority over items that simply offer steel, so some of that you can drop in order to carry more of the good stuff.
